RESTAURANT & BAR

WEDDINGS

## THE VAULTS BAR & RESTAURANT

Set against the Jewellery Quarter's rich cultural backdrop on the edge of the financial district, this spacious subterranean escape is a unique venue with a lot of character.

Occupying the vaulted underpinnings of an imposing Victorian building our surroundings are certainly distinctive and ultimately relaxing. As you enter the venue down a flight of enclosed stairs, you won't expect to see what you find. Art and photography blend with signature exposed brickwork, bespoke furniture, polished wooden flooring and a dusky autumnal colour palette.

Our personable boutique restaurant is dominated by a huge floral display under feature lighting and seats up to 54 guests. Daniel Humphries Senior Chef at The Vaults is delighted to present his exciting menus which blend contemporary European cuisine with traditional British favourites and position the restaurant at the forefront of the cities culinary scene.

The Vaults bar is a suave yet welcoming retreat. Get comfortable in an armchair as you listen to low level smooth grooves and sip premier champagnes, bottled beers or carefully crafted cocktails.

The Vaults is an unforgettable venue and our experienced and dedicated events staff will work closely with you from initial enquiry up to the big day itself. We will advise and tailor your special day to create a truly memorable time for you and your guests.
